

After uploading the data on "<https://www.dcode.fr/cipher-identifier>" WITHOUT the first line ("ZGSOCXPQUYHMILERVTBWNAFJDK" because I thought it was some alphabetic value, and I was right) I found out that the cipher is "Mono-alphabetic Substitution" (website : <https://www.dcode.fr/monoalphabetic-substitution>, upload the first line from the message to "Knowing the substitution alphabet")

THE FLAG : PICOCTF{5UB5717U710N_3V0LU710N_357BF9FF}
