

If we are looking for "cultiris" in "usernames.txt" we will see that it's on line 378. On the same line in "passwords.txt", we can found the following text :

cvpbPGS{P7e1S_54I35_71Z3}

If we upload it at "<https://www.dcode.fr/cipher-identifier>" we will see that the text it's encrypted with "ROT-13" (<https://www.dcode.fr/rot-13-cipher>)
