

# This challenge is a stegano one. First of all, we need to download that image on the page ( it's just one ). You can find the image if you inspect the page ( CTRL + U -> style.css )

```
/* source: milkslap-milkslap.scss */
body {
  margin: 0;
  padding: 0;
  overflow: hidden; }

a {
  color: inherit; }

.center {
  width: 1080px;
  height: 720px;
  margin: 0 auto; }

#image {
  height: 720px;
  margin-top: 5%;
  margin-bottom: 20px;
  background-image: url(concat_v.png);
  background-position: 0 0; }

#foot {
  margin-bottom: 5px;
  color: #999999; }
#foot h1 {
  font-family: serif;
  font-weight: normal;
  font-size: 1rem;
  text-align: center; }
```

# Just press CTRL + save

# We can get the flag if we use **zsteg**, but because the image is too big, we have to run this command to get the flag :

```
RUBY_THREAD_VM_STACK_SIZE=500000000 zsteg concat_v.png
```

THE FLAG : picoCTF{imag3\_m4n1pul4t10n\_sl4p5}  
~Z4que
