

I uploaded the image on Aperi'Solve. In the Strings section, it was supposed to see there is a text file (with binwalk), but I copied and pasted the Mega link directly

```

ODDDDDDDDD
/pdOt
x"^^^^^^^^^^^^^^^^^
i"^^^^^^^^^^^^^^^^
x"^^^^^^^^^^^^

You_Still_Here/Nothing_Here_1
You_Still_Here/Nothing_Here_10
You_Still_Here/Nothing_Here_11
You_Still_Here/Nothing_Here_12
You_Still_Here/Nothing_Here_13
You_Still_Here/Nothing_Here_14

```

```
# We got another image, with another minion. This time, I used binwalk and I extracted the
third image, this time, with three minions
```

Finally, I uploaded the last image on Aperi'Solve and I saw a Base64 text, in the Strings section. Decode the text 4 times with Base64 and you will get the hidden message :

Strings
